# C-PLOW

HIGH-PERFORMANCE TRIP-EDGE PLOW

- *Converts from a conventional plow to a backdrag plow with the push of a button*
- *Exclusive high pivot-point trip-edge*
- *Super-bright quad halogen lights*

**PUSH**

**PULL**

## Move More Snow Faster

The Hiniker C-plow offers all of the heavy-duty performance of a conventional plow **plus** the added versatility of a high performance backdrag plow. Plow loading docks, residential driveways, and congested parking areas faster than ever. The patented Hiniker C-Plow blade actually converts from a conventional plow into a backdrag plow with the push of a button, letting you remove snow quickly and easily from garage aprons, curbs, loading docks, and tight corners. Then touch a button again to flip the blade upright and push the snow away.

# HINIKER HIGH-PERFORMANCE C-PLOW

The compact joystick control puts full control of all plow functions in the palm of your hand.

C-plow in pull position makes backdragging driveways a breeze.

High-clearance split trip-edges operate independently of one another, reducing stress and twisting forces on the plow.

Optional clip-on box ends reduce spillage in both forward and backdrag positions. C-Plow shown with optional rubber cutting edges

New super-bright quad halogen headlights have up to twice the power of typical sealed beam lamps. Get maximum visibility for added safety, and better, faster plowing operations.

The high-tensile steel superstructure of the moldboard provides exceptional resistance to bending and bowing, for extra heavy-duty applications. 10 laser-cut steel ribs add exceptional strength.

30-inch tall, high curve, high-density polyethylene moldboards are dent-resistant and corrosion-free. Snow flows easily for more efficient plowing.

9"

Pinch-free pivot point is 9 inches above the surface providing protection from higher obstacles such as curbs and parking barriers.

Long-lasting cast ductile-iron skid shoes.

## Quick Hitch MOUNTING SYSTEM

**SPEED, EASE, & SIMPLICITY**

The Hiniker Quick Hitch is the fastest plow mounting system available! The self-aligning drive-in mount lets you connect your Hiniker plow in seconds. This eliminates manually lifting, pushing, and pulling the plow into place.

- ✓ Drive truck forks into plow receiver
- ✓ Pull lever to lock plow to truck & raise stand
- ✓ Plug in connections & you're ready to roll!

Reverse the process to disconnect the entire plow assembly just as quickly, leaving it ready for the next snowfall. Because Hiniker makes it so easy to disconnect your plow, you'll save weight and wear on your truck when the plow is not needed.

## HINIKER Specifications:

MODEL	8801	8901
BLADE WIDTH	8'	9'
BLADE HEIGHT	30"	
MOLDBOARD SURFACE	1/4" HMW poly	
VERTICAL RIBS	10	
COMPRESSION TRIP SPRINGS	4	
PLOW WIDTH @ 30° ANGLE	83"	93"
TOP CUTTING EDGE (HIGH CARBON 1084 STEEL)	1/4" x 4"	
LOWER CUTTING EDGE (HIGH CARBON 1084 STEEL)	3/8" x 6"	
TRIP HEIGHT	9"	
PLOW WEIGHT (LBS.)*	800	835

\* Weight net of truck-mounted hardware.

WE RESERVE THE RIGHT TO AMEND THESE SPECIFICATIONS AT ANY TIME WITHOUT NOTICE. THE ONLY WARRANTY APPLICABLE IS OUR STANDARD WRITTEN WARRANTY. WE MAKE NO OTHER WARRANTY, EXPRESSED OR IMPLIED.
